## Gross price list 2024 for PEDDINGHAUS Handwerkzeuge Vertriebs GmbH

Ladies and Gentlemen

We are pleased to publish the gross price lists for all brands of PEDDINGHAUS Handwerkzeuge Vertriebs GmbH today.

We looked closely at world events and the markets over the year. It is positive that there is a slight easing on the raw materials market as well as an easing in the issue of logistics and energy costs. Only the HR costs are at a very high level.

We have decided to pass on the relaxations just mentioned to you and to reduce the majority of our prices or keep them stable. This results in the following picture for each of the 2024 price lists:

### Price list PEDDINGHAUS & MOB items:

- 36% of the items are reduced by over - 4.5%
- 28% of the items are stable in price
